

The Voice of Indian Valve Industry

Strengthening India's Valve Industry

Indian Valve and Actuator Manufacturers Association (IVAMA Association) is an association representing Indian manufacturers. This association is a non-profit organization formed to be “The voice of Indian Valve Industry” and to work for its betterment.

Empowering the Industry

IVAMA offers its 120+ members a broad range of services, including education and training, access to market information, policy advocacy, networking opportunities, and participation in key industry conferences.

By being a part of IVAMA, members gain invaluable support in navigating industry challenges and leveraging growth opportunities.

Vision

To strengthen the industry's ecosystem by attracting global business to India, empowering stakeholders with growth opportunities, and helping members achieve their full potential.

Mission

To drive value-added business through training, technical expertise, and networking while advocating for the Indian Valve Industry, facilitating testing and certifications, influencing policy, and leveraging social media for industry promotion.

“Coming together is a beginning - Keeping together is progress - Working together is success”

JOIN IVAMA – Be part of Growth & Global Competitiveness

IVAMA welcomes Indian manufacturers of valves, actuators, and allied products to join our growing community and unlock a wide spectrum of industry benefits, collaborations, and opportunities. Members gain the collective power, visibility, and resources needed to shape the future of our industry.

For more details, visit www.ivama.in or connect with us on LinkedIn.

Strategic Industry Engagement

- IVAMA is an active member of CII/ASCON and FICCI/CMSME, ensuring that the interests of the valve and actuator industry are well represented in larger industrial forums.
- As a member of the Bureau of Indian Standards (BIS) - MED 17 and MED 30 Sectional Committees, IVAMA contributes to the formulation and review of industry standards, ensuring compliance with international best practices.

Our Key Initiatives and Activities

Knowledge Sharing and Networking

- IVAMA regularly organizes Annual Customer & Members Meets, CEO Meets and technical webinars to facilitate discussions on industry issues and share expertise.
- IVAMA also partners with leading industry events like Valve World India, Automation Expo India, IEC Meets, and Valve Technology Conclaves (in collaboration with CII). These partnerships help members gain in-depth insights into technological advancements and provide excellent networking platforms.

Industry Promotion & Market Intelligence

- Exclusive discounts at major exhibitions like Valve World and ChemTech.
- A comprehensive industry report (published in 2021, updated in 2023 & 2025) serves as a key resource.
- Daily tender alerts and collaboration with Valve World to share project details from India, the Middle East, and the Americas.
- Weekly and monthly reports on metal prices, raw material trends, fuel costs, and exchange rates.

Technical Training Programs

- IVAMA regularly conducts Basic & Advance Programs enhancing the skills of young engineers.
- Basic program covers Valve Types, Selection, Codes & Standards, Materials, Operation & Testing
- Advance Program covers Sealing & Design Technology, Welding, NDE, Flow, FQT & IOM

Digital Connectivity and Member Benefits

- The IVAMA website features a searchable Members Directory (www.ivama.in/members-directory), helping buyers connect with relevant suppliers.
- A dedicated WhatsApp group facilitates industry discussions, while regular LinkedIn updates keep members informed.
- IVAMA publishes a quarterly newsletter featuring project updates, member achievements, and new standards.
